

LIVE NEWS FROM THE TWIN CITIES

LITHUANIAN MEETING

William Vaskas of New York, better known as the Lithuanian Billy Sunday, appeared before the Lithuanians of the Twin Cities last night at Auditorium theater in Indiana Harbor. He is now completing a tour of the middle west, where he seeks to enlist the help of Americans of Lithuanian birth to aid their kin across the sea in setting the country on a strong foundation.

More than 50,000 sons of Lithuania fought for the freedom of all oppressed peoples and now that the Republic of Lithuania has been established we think it to be the solemn duty of the Hon. Woodrow Wilson in conformity with the 14 points enunciated by him to help the said government along in the name of the United States government.

When the United States went to war Mr. Vaskas was one of the first volunteers to answer President Wilson's "call to arms." Later after his return from France, he revisited Europe and studied the political and economical situation in Lithuania.

War scenes of Lithuania were shown upon the screen. These views gave the public an opportunity to study the advancement made by the Lithuanian government.

Mr. B. R. Yasulis was chairman of the evening.

HELPS FIREMAN FUND

The East Chicago fire department members were yesterday made glad by the receipt of a check from Walter J. Riley for \$200. The check, Col. Riley explained, was a gift for the good work done by the city department in controlling the fire at the O. E. Jordan plant about a month ago.

G. Dragan Held up

George Dragan, of 3550 Block avenue reports that he was held up last night by two negroes at the corner of Block avenue and Lincoln street. They got \$2 in cash and an inland pay check for \$61.

AUTO STOLEN

Joseph Dunsing yesterday reported to the police that the Veile automobile of H. P. Febrinkamp had been stolen from the garage on the night of September 26. The Febrinkamps are away from home and the loss had not been noticed until yesterday.

AUTO ACCIDENT

Councilman Paul Mysliwy of East Chicago received a bad cut on the forehead this morning when the Haynes car which he was driving was struck by a heavy truck of the United Construction company at 15th street and White Oak avenue. Mysliwy was driving east on 15th and the truck driven by L. Brester of 220 Michigan avenue, Hammond, was going west filled with cement. The truck was on the left side of the street and striking the touring car broke off the left front wheel. John Bochowski and Mysliwy's son were in the car, but escaped without serious injury.

FOR VICTORY MEDALS

Indiana Harbor post of the American Legion, No. 266, has now received a supply of the applications for the victory medals and application blanks may be received at the office of Dr. F. H. Mervis on Michigan avenue. The medals are to be distributed through the American Legion with appropriate ceremonies on Armistice day, but it is necessary for application to be made before the medals can be obtained by the Legion. Soldiers and sailors and next of kin of those who died in the service may make application for the medals.

NEW SHOOTING SCRAPE

Another East Chicago negro was sent to the hospital last night as the result of a shooting scrape of which Officer Ben Crawford was an interested spectator and came near being one of the principal actors.

Crawford was traveling his beat along Alexander avenue last evening when he heard swearing and arguments in the pool room at 6001 Alexander. He stepped inside to straighten things out and found Ben Patrick cursing William Pemberton, another negro. Pemberton was apparently taking everything in without trying to answer. Crawford ordered Patrick to keep still and when the man became abusive toward him threatened to arrest him.

At the threat of arrest a third negro by the name of John Smith stepped up and tried to persuade Patrick to keep quiet, but Patrick pushed him away and called him a vile name. Smith stepped back a step, whipped out a revolver and shot Patrick in the hip. Officer Crawford quickly placed Smith under arrest and called Dr. P. E. Martin, who sent Patrick to the Gary hospital.

CEMENT DUST NUISANCE

The Universal Portland Cement company at Buffalo is doing all that is possible to abate the cement dust nuisance, according to the report yesterday of the committee of the East Chicago Chamber of Commerce, which investigated conditions last week. The committee made a visit to the plant and was shown through all the different departments, receiving explanations of why the dust is especially bad at this time.

The company has such a large demand for cement at the present time that they have found it necessary to place in operation their No. 3 plant, which has not been in operation for the past several months. This plant is not equipped with dust collecting machinery and when it is in operation much cement dust escapes. The other plants are equipped with dust collecting machinery and about 90 percent of the dust is caught. Plant officials explained that the No. 3 plant will be equipped with dust collectors as soon as possible.

A committee of the chamber was appointed to appear before the board of works with a request that the asphalt pavement between the street car tracks on Forsyth avenue either be adequately sprinkled for laying the dust or a hardwearing surface be placed upon it.

Chicago Youths Arrested

After they had stolen a Studebaker car in Chicago and had driven to Gary to see a friend, two Chicago youths, Theo. Norwich, 2322 S. Irwin avenue and Joe Stocker, 2341 W. 23rd place, were arrested after their actions had aroused the suspicions of the Gary police last night. Norwich stated that Stocker did not help steal the car and gave him police the name of another Chicago lad, who assisted in the theft.
